To whom it may concern:

It is with pleasure that I write this letter of recommendation on behalf of Ms. Amber Lawson. I have been fortunate to know Amber for the last several months while I have served as the School Leader at the school where she is a Kindergarten teacher.

Amber is currently one of our Kindergarten teachers and has impressed me with her organization and classroom instruction. Her students know the procedures, routines, and expectations in the classroom and this lends for maximum instruction to take place. Amber has consistently received accolades from other staff members for her creativity and innovation in her teaching. She often does school-wide bulletin boards and planning to enhance the school overall. Amber receives distinguished marks in her classroom observations due to the student centered and student led classroom. She maximizes the classroom instruction by maintaining a structured classroom. Amber can often be observed working with small groups or individual children to enhance their learning.

Amber is an excellent educator who we would be fortunate to keep in the profession. I enthusiastically endorse her in her efforts to further her own education. Amber is a driven and passionate teacher who I am confident will be an asset to your program as well as education as a whole. Ms. Amber Lawson has already been an asset to our children and I look forward to seeing the wonderful things that she will continue to do in education

Sincerely,

Michelle Kyles

Mrs. Michelle Kyles
